Please note that your cards will not be sent into production until you send a verification email stating either in the body or in the subject: "FINAL APPROVAL".
Delays in approving your artwork will delay the delivery of your cards. Production time for cards is approximately 10-15 business days after approval.
Once your artwork has been deemed to be the final version, changes cannot be guaranteed. A request can be put in and our staff will do their best to accommodate your needs. We advise you to carefully review the artwork and the content of your proof prior to deeming it "FINAL APPROVAL."
